

### **Mutual respect and tolerance for those with different faiths.**

Children are taught to listen to each other's views.

They have to share and take turns.

We talk about our similarities and differences.

We learn about different cultures/festivals.

We read books from different cultures.

We listen to music from around the world.

Children have the opportunity to handle and care for living things.

The curriculum is influenced by overseas teaching methodologies.

Meal times incorporates foods from different cultures.

### **Individual Liberty**

Children make own choices about their learning  
Projects and enhancements are based around individual interests.

Children make choices at snack time.

All children have responsibility for keeping the environment nice.

They are encouraged to make safe choices e.g. when using tools, climbing trees etc.

Children are able to share their experiences during group time.

Children are recognised as capable, competent learners.

## **Emneth Nursery**

### **British Values**

### **Rule of Law**

Children are taught to show good manners and be polite.

They have to respect the environment and each other.

They are taught to understand the consequences of negative behavior.

### **Democracy**

Children try and resolve problems by negotiating.  
They make choices about their own learning.

Children are involved in making decisions such as naming ducklings etc.

We visit the local community e.g. shop, church.

Children's voices are heard.
